

# Davenports Intermediate Magic Course

This one day workshop is designed as a follow-on from our three day beginner course.

The day is split into two parts; The morning session will be explaining new material that leads on from, and compliments the beginner course syllabus. There will be sections for more advanced card tricks and sleights, as well as looking at some of the principles of mentalism and close-up magic, and impromptu magic.

We will also touch on creativity, and discuss technique based ideas to develop new magic and presentation ideas. These techniques can also be used in the wider, non-magical environment.

The afternoon section will be an open time when the delegates can ask questions, suggest areas for further study. The tutors would be delighted to hear of suggested areas of study before the workshop, or can suggest their own.

The timings would be 11am to 3.30pm, with a half-hour break for lunch (not supplied).

Although this workshop is designed with our beginner course delegates in mind, we are happy to accept anyone who would like to develop their magic further.

Price: £65.00

As we are limited for space and numbers, we strongly recommend early booking if you require a specific set of dates.
